

Dawson INSURANCE

Established 1917

May 29, 2007

To Whom It May Concern:

We have had a business relationship with Bob and Norman Leslie and Lexstar Development and Construction ever since the inception of their company. We have not only handled insurance and risk management for their company but have also been investors in projects they have developed.

I can personally recommend them as a reputable, competent, and successful developer and builder and would be happy to visit with you to help answer any questions that you have. Please don't hesitate to contact me.

Sincerely,

Thomas C. Dawson, CPCU, CIC
